The history of Han Cun He could trace back to 1,100 years ago to the time of the Song dynasty (960-1127).Legend has it that there's famous general named Han had his tomb built here in the Liao dynasty (906-1125,southern part of China belongs to Song, and north is occupied by Liao during this period),and there's river running through this area(river is pronounced as He in Chinese),hence the name "Han Cun He".
